# ★ About the June 2, 2026 Primary Election

## How the Statewide Primary Election Works in California

In this “primary” election, voters will choose which two candidates will move on to the “general” election in November. For the following offices, you may choose any candidate on your ballot, from any political party. The two candidates with the most votes will run against each other in November. It is possible that those two candidates will be from the same political party.

There may be other local government candidates or judges on your ballot depending on where you live. Your county elections office will mail you a *County Voter Information Guide* that lists everything that you can vote on. Remember, you do not have to vote on everything! Learn about the candidates and propositions that are important to you and make your choice.
